

# **Rise Free**

REASON SCIENCE FREEDOM

## **The Call To Rise Free**

**May we know this day to be like no other.**

**May we rise free this day from ignorance and shadows, and let reason deliver us from the darkness of falsehoods.**

**May we kneel before those who fought and suffered to free us from superstition and oppression, and those who fight and suffer still.**

**May we guard our freedoms through the knowledge we create, and have the courage and compassion for good deeds large and small.**

**May each child follow freedom and reason, and learn to protect both with dignity and strength.**

**May we pass this wisdom across time, and keep safe the enduring light on this day and all those to come.**

**\* \* \***

**The Rise Free Mission is embodied in texts in a growing number of languages and in multiple formats, including videos.**

**Please contact us for more information or to volunteer.**
